Holcim's Geostone range of Exposed Concrete brings a textured, natural look to your home.

## Add character & personality to your home.

Exposed Geostone Concrete uses the unprocessed textures of the stone as well as the concrete ensuring that the individual stones and their texture can be seen throughout the entire area.

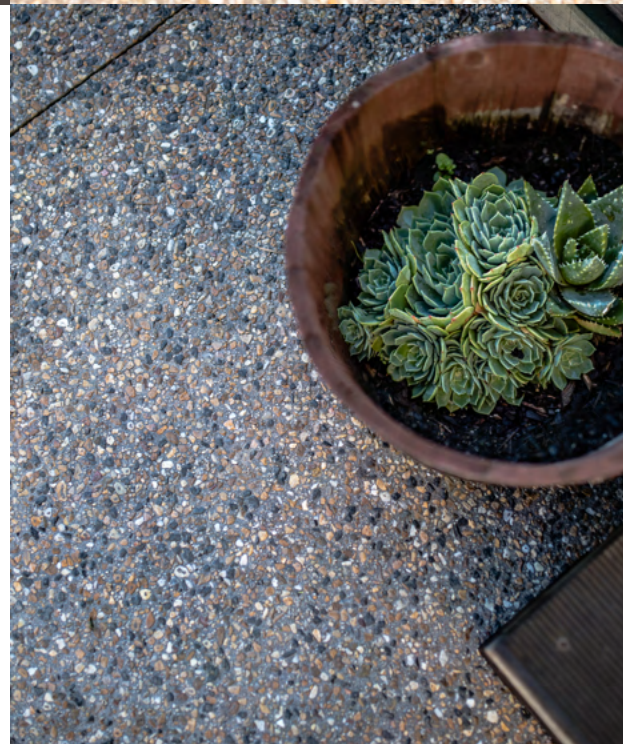

# Highly durable & slip resistant

**Perfect for areas with higher  
traffic levels**

The rough, exposed look of the stone and concrete has a distinct & visually pleasing look that will set your home apart.
