

GEOSTONE EXPOSED

Holcim's Geostone range of Exposed Concrete brings a textured, natural look to your home.

Add character & personality to your home.

Exposed Geostone Concrete uses the unprocessed textures of the stone as well as the concrete ensuring that the individual stones and their texture can be seen throughout the entire area.

Highly durable & slip resistant

**Perfect for areas with higher
traffic levels**

The rough, exposed look of the stone and concrete has a distinct & visually pleasing look that will set your home apart.

To get a free quote on your concrete project, feel
free to call us on 03 5613 2013.

Disclaimer: The product samples displayed in this brochure are indicative only of the finished product and no guarantee of the coloured or textured finish is given or implied. Colour and texture can vary due to many factors, including reproductive differences between the photographs in brochures, samples and displays and the actual product. There can also be variations in the consistency, appearance, quality and texture of natural ingredients, variations in colour additives, variations through the addition of water to the concrete, and from handling, placement and finishing techniques. For a closer representation of the samples displayed, please visit one of our Display and Selection Centres and discuss your requirements with your local Holcim representative.

To request a quote or find a display centre, please visit [geostone.com.au](https://www.geostone.com.au) or call 13 11 88
